'With a crack as though her back was breaking, the dory lurched downwards.'

For his fourteenth birthday, Christos takes his father's dory on his first solo trip. He plans to fish and then camp overnight on a local island. But things go terribly, terrifyingly wrong when Christos runs the dory aground on a reef, attracting a four-metre tiger shark as company for the most harrowing night of his life – a night during which he decides what he would be willing to die for.
